

JOIN OUR TEAM!

The University of Minnesota's School of Dentistry is seeking to enrich the diversity of the University community and invites applications for the following position:

- Assistant, Associate, or Full Professor

This individual will report to the Division Director of Biomaterials. The person holding this position will join a strong group of faculty members within the Division of Biomaterials as well as the Minnesota Dental Research Center for Biomaterials and Biomechanics (MDRCBB) that are dedicated to furthering research and development in biomaterials, biomechanics, and related fields.

Position Highlights

The University of Minnesota is accepting applications for a salaried full-time (1.0 FTE) position as a tenured or tenure-track Assistant, Associate or Full Professor within the Division of Biomaterials. The Division of Biomaterials seeks candidates whose training, experience, and service have prepared them to contribute to our commitment to excellence. Duties of the appointee include:

- Conduct and sustain a research program in biomaterials and biomechanics or related sciences
- Teach pre-doctoral and graduate-level students, as well as undertaking course directorship
- Perform grant writing in support of dental research in the Division of Biomaterials/MDRCBB
- Provide academic offerings (lectures, seminars, case presentations, etc.) for students and residents
- Participate in continuing education programs provided by the Division of Biomaterials/MDRCBB

The applicant will work and partner with a diverse group of faculty, staff, scholars, post-docs, researchers and students to provide a positive environment to maintain and grow the Division of Biomaterials/MDRCBB. The candidate will be provided mentorship and guidance for a career in academic practice.

About us

The University of Minnesota's School of Dentistry is the state's only dental school. We educate general dentists, dental specialists, dental therapists, dental hygienists, dental educators and research-scientists. Our students and faculty treat patients: 105,260 patient-visits each year in our Twin Cities' campus clinics.

Our commitment

The School of Dentistry promotes diversity, equity, and inclusivity among our students, faculty, staff, and public. Thus, we seek candidates who are prepared to help us fulfill our commitment to diversity, equity, and inclusion.
